Maybe even better than free.

filehosting provides an easy possibility for you to send large files to your friends. File is free to use with no gotchas and no hidden fees. There are norestrictions on the number of times a file can be downloaded. You can upload any type of file (movies, music, documents, images, zip files and more). Yourwallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and ourservers, then from our servers to your friends device. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. This iseasy, fast and reliable filehosting! You don't need any kind of premium-accounts. Why pay storage fees for a file that you just wanted to send to a friend orcolleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. It is also allowed to link to the download pagefrom websites and communities. You don't need any special software installed to be able to download your files. Files transferred the old-fashioned way tend topile up and be forgotten about, eventually costing you money in data storage fees. Just upload the file you want to share with your friends and we send you adownload link to your file. No account or credit card is required to get started. Unfortunately, we can't make that part free. Our service is completely free foreveryone. Using file, you can circumvent those limits without paying to upgrade your team chat service. If only we could, we surely would! On the other hand,using file can actually save you money. You can give this download link to your friends by mail or instant messenger. Any file in any format can be uploadedand downloaded for free. Files can be downloaded from any computer from our high speed servers. So try our free and simple filehosting service now. Keepyour files private, or send your download links only to friends or family. You decide who you want to share your files with. The cost of that data transfer iscovered by your internet service or the data plan on your phone. We have no file size limit. Alternatively you can choose to share your download links on blogs,forums and social networking sites. Simply upload your file and share the link.
