It is also allowed to link to the download page from websites and communities. Alternatively you can choose to share your download links on blogs, forums and social networking sites. No account or credit card is required to get started. You can upload any type of file (movies, music, documents, images, zip files and more). This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You can give this download link to your friends by mail or instant messenger. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. You don't need any special software installed to be able to download yourfiles. Our service is completely free for everyone. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you moneyin data storage fees. Just upload the file you want to share with your friends and we send you a download link to your file. So try our free and simple filehostingservice now. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files thatcan be transferred within their apps. Unfortunately, we can't make that part free. filehosting provides an easy possibility for you to send large files to yourfriends. Any file in any format can be uploaded and downloaded for free. There are no restrictions on the number of times a file can be downloaded. We haveno file size limit. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. The cost of that data transfer is covered byyour internet service or the data plan on your phone. Files can be downloaded from any computer from our high speed servers. You decide who you want toshare your files with. Keep your files private, or send your download links only to friends or family. Simply upload your file and share the link. Fil
