You can upload any type of file (movies, music, documents, images, zip files and more). Keep your files private, or send your download links only to friends or family. You decide who you want to share your files with. The cost of that data transfer is covered by your internet service or the data plan on your phone. No account or credit card is required to get started. Unfortunately, we can't make that part free. When you use file, you avoid storing the file you're sending in your cloud storage or mail server.
